Books were so rare that not everyone could afford to have them. Today, everything has changed – the internet has appeared in our life. The internet is a huge database where you can find a lot of books for free. The Camel Club 1 by David Baldacci is one of the books you can access and download for free from the publishing platform named Issuu. The contents are produced by famous and independent writers and you can access them all if you have an account. In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the word out.
